ANNUAL RENEWAL
PROCESS KNOWLEDGE
CERTIFICATION

Generator hereby certifies that the process generating the waste identified by BFI Waste Code 11 1712 196123 1226388 as described in the BFI Waste Characterization Data form (WCD) number 99 9750 remains identical to what it was at the time the waste was originally characterized and everything in the WCD, including any and all change forms, remains the same. If the Generator's process changes in the future, it will notify BFI prior to shipping any waste from such changed process and will not ship any such waste until all necessary analytical data or other documentation is submitted to BFI for review and BFI approves the waste for management.
